I, \_\_\_\_\_, hereby apply for permission to use water from a City of Prosser Fire Hydrant and borrow the necessary meter and/or equipment for use at the location stated above. I agree to pay any fees or costs associated with the hydrant meter rental per Prosser Municipal Code 13.10.400:

- A. All nongovernmental persons desiring to connect to city fire hydrants for temporary water supply must first apply for and receive permission from the city to do so. The application shall be in accordance with Section [13.10.140](#). The applicant shall pay an application fee in the amount set forth in the city's fee schedule. The finance director is authorized to establish policies and procedures to implement this section.
- B. All nongovernmental persons using city fire hydrants for temporary water supply must pay a deposit in the amount set forth in the city's fee schedule. This deposit shall be applied to the temporary water supply account established at the time the temporary water supply account is closed. Any fees or charges not covered by the deposit must be paid within thirty days of the billing. Collection of unpaid fees shall be in accordance with this chapter. In the event any nongovernmental user is required to use city equipment to access water from the hydrant, then the nongovernmental user shall pay a security deposit in the amount set forth in the city's fee schedule.
- C. All nongovernmental persons using city fire hydrants for temporary water supply shall pay a base fee in the amount set forth in the city's fee schedule plus the actual cost for all water obtained from city fire hydrants at the rate set forth in the city's fee schedule.
- D. In the event all city equipment is not promptly returned, or any equipment is returned in damaged condition, the user shall be liable to the city for the full replacement cost. The cost to repair the damage or replace the equipment shall be deducted from the security deposit before the nongovernmental person's security deposit is returned to him. In the event the nongovernmental person returns the equipment with no damage, then his security deposit shall be refunded to him within thirty days.
- E. "Nongovernmental persons," for the purposes of this section, shall be defined as all persons other than the city of Prosser and those persons or entities that are providing services to the city under contract or agreement with the city.
- F. No nongovernmental person shall withdraw water from any city fire hydrant without first complying with the provisions of this chapter. (Ord. 2752 § 41, 2011).

I agree that the replacement cost of the equipment is \$1,000 and that I will return the equipment in satisfactory condition by the date stated above. In the event that I do not return the equipment on the date stated above, I will promptly pay to the City of Prosser the replacement cost of \$1,000.
