City Hosting School Supplies Drive for Local Elementary Schools

For many, the month of August is all about preparing to go back to school. We want the children in our community to have all the support and supplies they need to succeed during the upcoming school year. Therefore, during the month of August, the City of Prosser will host a school supplies drive to benefit our local elementary schools. School officials have been contacted and are excited for the drive. They have expressed the need for supplies as there are many students who would benefit from the donations and appreciate the efforts made to support them.

This time of year, we cannot enter a store without being met by pencils, pens, crayons, and paper. The next time we go shopping, is it possible for us to pick up one of these items (or any of the items on the list included) and donate them to the drive? Can you imagine the number of supplies that we could collect if each of us contributes just one item? City of Prosser Staff would like to thank you in advance for any contributions. It is the willing and generous spirit of our community members that helps make the city we live in a home and a wonderful community to raise a family.

You may contribute to this worthy cause by bringing any of the items on the following list to City Hall at 601 7th Street in Prosser. All contributions will be delivered to local elementary schools at the conclusion of the school supplies drive. For more information, please contact Kendall Murphey, Administrative Assistant, at kmurphey@ci.prosser.wa.us or by calling (509)786-8227. Thank you again for your participation in this event.
