Domestic Water Service Interruption at Prosser High School

Early in the morning the City was made aware of a water leak at Prosser High School. Public Works crews were able to isolate the broken line and made the necessary repairs. Water service was temporarily disrupted while the crews worked to repair the leak and service was restored to the High School prior to 10:00 a.m.

In the next couple of the weeks the City will be inspecting the lines to investigate there are no other issues.
