COVID-19 Recovery (Revised 8/25/2020)

- How we plan to reopen
- Program & Service Updates
- Resources & Assistance

With the arrival of COVID-19 the City of Prosser has complied with the Governor's orders to temporarily close all facilities and cancel events and activities which would bring large groups of people together. The City anticipates a gradual return to normal operations, and to that end, has crafted a multi-phased plan for reopening closed facilities. The City will continue to adhere to the Governor's orders, and all other relevant federal, state, county, and city policies.

Benton-Franklin Health Department (BFHD), State Department of Health (DOH), and the Center for Disease Control (CDC) guidelines:

- Stay home if you are sick and/or displaying symptoms of illness.
- Wash hands often, with soap, and use hand sanitizer as you can.
- Cover coughs/sneezes (into the elbow).
- Disinfect work areas/high-touch surfaces frequently.
- Wear a mask/face covering that covers both nose and mouth, and practice social distancing (minimum six-foot distance between people).

City Staff:

- Office hours may need to be adjusted in the event staff illness (i.e., closed for the lunch hour). If a change in hours is warranted, the public will be notified immediately via email, public notices, and social media.
- Staff will continue to use appropriate personal protection equipment (PPE), and encourage use.
- As well, staff will continue to educate each other and the general public regarding any changes to the COVID-19 protection measures and guidelines, including any changes in phasing.
- Specific measures and "best practices" have been established by each department head for the management of their staff until all phases of re-opening have been lifted.
- High touch surfaces will be cleaned regularly (desktops/counters, microwaves, refrigerators, light switches).

Reopening Framework – The City of Prosser, and Benton County, are in a modified Phase 1, Phase 1.5, effective July 2, 2020.
