

# QUESTIONS FOR ROCKY!!!!!!

What is your favorite color?

- My favorite color is definitely red! Mustang red to be exact!

What is your favorite food?

- I'm a strict vegan! Basically, that means I only eat fruits and vegetables. My favorite meal is a nice green salad with berries and even some edible flowers tossed in for flavor and color. SO GOOD!

Where do you live?

- Most marmots live in a burrow, which is a hole or tunnel in the ground. Marmots, especially the ones known as Yellow-Bellied Marmots like to make burrows in rock piles. I used to live in a rocky field outside the City limits, I think that's how I got my name Rocky. One day I was curious what town was like and decided to walk into town and look around. I ended up at City Hall and they asked me to stay. Obviously, I said yes and I have loved being there.

Do you go to school?

- I am a proud graduate of Marmot University! However, I must admit I really wish I had attended Prosser High School. Oh if only I were a Mustang.....☺ My favorite class in school was animal science. Did you know there are 14 species of marmots that are known? I have no idea what species I come from, I think I'm going to do some more research and try to fill in my family tree.

What's your favorite TV show?

- I don't have a lot of time to sit and watch TV, but when I do get the chance I love watching any nature show. The Earth is a fascinating place and I love to learn all I can about how it works and what we can do to help it thrive for years to come.

What's your favorite movie?

- My favorite movie...that's a tough one. Hmm, I guess I'd say "Alvin and the Chipmunks." I think they might be my cousins.

What's your favorite book?

- My favorite book is a "Marmots Guide to Small Town Living." I'm just kidding. I made that title up, but maybe someday I'll write a guide and have it published. I love reading books that deal with history or nature.

What's your favorite musical group?

- My favorite musical group? That's an easy one, Alvin and the Chipmunks. I think they may be distant relatives.

What do you want to do for a career when you grow up?

- Mostly, I just want to be a marmot. I think being a City Administrator or the Mayor might be perfect for me.

Do you play sports?

- I like to watch sports and play occasionally. It's dangerous to play sports when you're as small as I am, too easy to get hurt. However, like a true Prosserite, I love anything our Mustangs compete in whether that be football, basketball, soccer, tennis, baseball, track. You name it, I'll watch it! GO MUSTANGS!

Do you have other activities you like to participate in?

- I like to do many things. Some of my favorite activities include taking pictures in and around Prosser and writing short stories about the marmots I've met through my travels. I like to build snowmen, plant flowers, go swimming at the City Pool, and rake leaves into piles then jump in them.

How do you like Prosser?

- I love Prosser. It truly is a "pleasant place with pleasant people." I couldn't imagine my home being anywhere else.
