### **D. SERVICE SPECIFICATIONS AND SCOPE OF WORK**

Every six years, the Prosser Parks and Recreation Department must update its PROS plan. The goal of this plan is to provide a long-range vision and action plan for developing Prosser’s parks and recreational spaces. The goal of this update is to

enhance our efforts to collect information from groups in our community we have not reached in the past and include their thought and ideas in the plan update. The City is committed to this goal and desires to have a plan that encompasses all members and interest in our community, but with limited staff and limited availability, the city requires the assistance of a consultant team to complete this project. The City of Prosser is seeking consulting services that, with the support, guidance and input from city staff, will create an updated, accurate, and demographically representative PROS plan that incorporates diversity, equity, inclusion, and accessibility (DEIA) best practices. The successful vendor will assist the city in preparing and distributing a PROS plan in accordance with the standards established by the Washington State Recreation and Conservation Office (WA-RCO).

#### **DELIVERABLES**

- Collaborate with local stakeholders to create Community Engagement & Communication Plan + inclusive & accessible data gathering tools (targeted universalism);
  - Identify unique needs and best techniques for getting input from local marginalized demographic groups.
- Create and oversee a marketing campaign to increase public awareness of PROS "Community Input" opportunities (radio, social media, flyers, press releases, etc.);
- Collect public feedback on PROS plan using multiple data collection methods (i.e., surveys, focus groups, listening sessions, community canvassing);
- Conduct internal DEIA assessment of Parks & Recreation Dept facilities, recreation programs, processes, and communications;
- Synthesize public feedback and DEIA assessment into a list of actionable recommendations for City staff;
- Review recommendations with City staff and assist in decision-making process (needs vs. wants analysis, feasibility, etc.), to include analysis of the City's Comprehensive Plan to identify needed amendments to the Comprehensive Plan for consistency between the two documents;
- Draft an updated PROS plan using City Staff input;
- Submit PROS draft to City staff and stakeholders for review.
- Revise and resubmit final PROS draft based on feedback

The City has been awarded a grant from the RCO in the amount of \$162,708 to complete this work and is reserving \$10,000 for city expenses and administration. There is no funding available beyond the grant award.

**E. EVALUATION CRITERIA**
