- Water: City meter replacements, development meter installs, irrigation repairs, hydrant maintenance, Well 7 training
- Wastewater: WWTP maintenance, WW yard cleanup, Lift Station 2 maintenance
- Chardonnay/Merlot Sidewalk Improvements Project: Construction underway
- Well 7 Pump House, HLA Project: Staff training, punch list items, well is online
- Prosser Entrance Sign, Project: Notice to Proceed with construction
- Almanza Heights Development: Storm drain infiltration system inspections

**Waste Collection and Recycling Survey:**

This week staff launched a community-wide Waste Collection and Recycling Survey aimed at gathering information from residents regarding their waste and recycling practices and areas of improvement.

The data collected will assist the City Council and staff in preparing future initiatives for waste and recycling services. Results of the survey will be

shared with the community on the City’s website and shared with the City Council during an open public session.

This survey is the first in a series which will be released to the community over the next year. Surveys are a helpful tool which can be used to gather input from residents about needs, challenges, and areas of interest. The survey is available to take through June 7<sup>th</sup> and can be visited by visiting the City’s website at: [www.cityofprosser.com](http://www.cityofprosser.com) or clicking on the QR Code.
